Exhibit A12
Adobe, Apple, Intel - Weighted Average Base Salary of Selected Grades
Technical, Creative and R&D Class
2001 - 2011

Notes: Number of employees in each year is shown in black.

Average base salary is calculated by year and includes Intel employees in grades 5 to 11, Adobe employees in job codes 3001078, 3001498, 3001077, 3001079 and Apple employees in grades 1080, 1082, 1084, 1086, and 1088.

The average growth rate of the average base salary is 4.5% during the alleged conduct period, and 3.5% outside of the alleged conduct period.

Alternatively, the average growth rate of the average base salary is 3.0% during the alleged conduct period, and 2.3% outside of the alleged conduct period when growth is first calculated by grade and then averaged across the year.
